EXAMINER'S COMMENT

1. The drawings filed on February 4, 2004 are accepted by the Examiner.

REASONS FOR ALLOWANCE

2. Claims 2 and 4 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Reeves (US 6,478,121) and Rath (US 3,782,510) disclosed a disk brake which can be used for a motorcycle, having at least one piston built into a caliper having a substantially U-shaped cross section with an outer and an inner section connected by a bridge section, an outer pad attached to the outer section via an outer back plate, an inner pad attached to the inner section via an inner back plate, and an outer periphery of a brake disk inserted between the outer pad and inner pad wherein part of the piston projects beyond an outer peripheral edge of the brake disk to an outer side.

However Reeves and Rath failed to disclose wherein the outer and inner pads do not project further than the outer peripheral edge of the brake disk, with the inner and outer back plates, that part corresponding to the piston is formed to have a portion which follows an outer peripheral edge of the piston, while the remaining part is formed to have a portion which follows the peripheral edge of the brake disk, and part of the bridge section projects further inwards than the outer peripheral edge of the piston by forming the bridge section to have apportion which follows the respective back plates.

The aforementioned limitations and the arrangements thereof are not taught in the prior art. In light of the foregoing, the claims of present application are found to be patentable over prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mariano Sy whose telephone number is 571-272-7126. The examiner can normally be reached on Mon.-Fri. from 8:30 A.M. to 2:30 P.M.
